Profile

My name is Enrique Alonso Argüelles and for two years I work as a Junior Front-End Developer designing, developing and building responsive web apps.

I have a teachable attitude and a desire to learn. I am passionate, dedicated and eager to learn something new every day and I am always striving to bring 100% related to the work that I do.

I am good at working with other people and I enjoy working in teams. My passion as a programmer is JavaScript, together with React. I work every day with these technologies and I challenge myself to gain new knowledge and experience.

Currently, my main goals are to develop and implement high-quality component architectures that are stable, legible and extensible.

Therefore, I am looking forward to get the opportunity for a new challenge in my career.

Skills

React

JavaScript

HTML & CSS

Typescript

PostgresSQL

GraphQL

Employment History

Junior Front-End Developer at cherryfish
Sep 2017 — Apr 2020
Berlin

I joined cherryfish in 2017 as they enter their final stages of turning a prototype into an MVP and be ready to hit the market.

- Bringing mockups to life using HTML, CSS, JavaScript.
- Building the app to responsive and usable.
- Monitoring website performance and rectifying front-end-related issues.
- Maintaining an organized workflow using a project management tool (like GitHub).
- Testing to identify bugs and technical issues before and after deploying.
- Documenting bug reports, tickets, and any code changes.

Temporary work at denn's Biomarkt
Jan 2017 — Apr 2017
Jena

Support the store with preparing sale displays, ensuring the store is clean, stocking products, and processing customer orders.

Environment Artist at BrokenHead Studios
2012 — 2013
Madrid

Construction and design of aesthetically looking environment and scenes for a game or film.

Building anything from structures to terrain, or even environmental props.
